DAFI Scholarship Programme Application Form

Please read the instructions carefully and make sure you understand the criteria and conditions of the scholarship before applying. Women and persons with specific needs are encouraged to apply.

The deadline for submission of this application is: 26th August 2022

ABOUT THE DAFI SCHOLARSHIP PROGRAMME

Since 1992, the German Government has financed the annual [Albert Einstein German Academic Refugee Initiative \(DAFI\)](#), which aims to help young refugees around the world to start or continue their higher education.

The DAFI programme aims to support qualified, academically strong young refugee women and men who meet the requirements to access higher education in the country of asylum. The DAFI scholarship aims to empower young women and men equally to contribute knowledge, skills and leadership to the refugee community, and to facilitate peaceful coexistence, social cohesion, and the development of host communities during displacement. To achieve this, each sponsored student is expected to contribute to their community and society not only through their academic and professional careers, but also through their personal engagement, supporting and inspiring other community members, especially refugee children and youth.

DAFI scholarships are awarded for a maximum of four years of study at bachelor or equivalent degree levels in higher education institutions, including nationally accredited Technical and Vocational Education and Training (TVET) programmes lasting a minimum of two years. The DAFI programme does not support Master's level study.

A DAFI scholarship covers the cost of tuition and fees, study and learning materials and other education-related costs such as for research or internships. The scholarship also provides a subsistence allowance to cover some of the cost of food, transport, accommodation and other expenses associated with participation in a higher education degree programme.

DAFI scholars participate in social, peer and community engagement and skills development activities. UNHCR and education partners maintain close contact with each scholar and with the higher education institutions they study so as to ensure the academic success and well-being of each student.

ELIGIBILITY CRITERIA

To apply for a DAFI scholarship you must meet the following criteria:

- You are an individual who has been granted **refugee status** in the host country or you are considered as in need of international protection by UNHCR and/or the host country.
- **You are 28 years or younger** at the start of your studies. (Exceptions to the age limitation may apply if you started your bachelor studies in your home country but had to interrupt your studies due to flight, or if you faced particular challenges to access higher education programmes because of a specific factor such as: parenting or child care responsibilities, disability, etc.)
- **You have a high/secondary school diploma and you can present the original documents attesting your achievements.** If you do not possess the relevant documents, please contact UNHCR or the project partner and explain your situation prior to submission of your application. Indicate the reason you cannot submit an original certificate on the application form.
- **You achieved above average results in high/secondary school and have proof of enrolment for a bachelor's degree /TVET programme.**
- You are **proficient in the language of instruction** of the degree programme in which you wish to enrol.

Write your name on each page: _____

- You are **not currently receiving a scholarship** from another source and your siblings have not /are not benefiting from DAFI scholarship.
- **You are in need of financial assistance** to pursue your studies.
- **You have a strong motivation** to contribute to your community through leadership, volunteering, community service, mentoring, community development or similar.
- **You expect to be able to complete the full course**, and not drop out due to departure to another country, matrimony, etc.

TERMS AND CONDITIONS OF THE SCHOLARSHIP

The DAFI scholarship may be renewed each year for up to four years based on regular class attendance, successful completion of each semester and academic year, progress towards the degree within the regular study time foreseen by the higher education institution, and participation in DAFI programme activities such as the DAFI club and community engagement.

At the beginning of each academic year, DAFI scholars sign a Scholarship Agreement form. DAFI scholars are expected to work diligently towards the successful completion of the programme of study and to inform UNHCR, the project partner or a counsellor at the higher education institution if you are experiencing challenges, whether personal or academic. In cases of fraud or misconduct, the scholarship will be discontinued immediately. In case of repeated absenteeism, underperformance or academic failure, continuation or discontinuation of the scholarship will be determined by the partners taking into account the circumstances, reasons or explanation provided.

Tuition and required study fees may be paid directly to the university based on record of successful academic performance. The student allowance is paid directly to the scholar on a monthly basis.

APPLICATION INSTRUCTIONS

The application must include all required documents. Incomplete applications will not be considered.

1. Application process

- Collect all necessary documents for your application and complete the application form.
- Obtain information about fields of study, which higher education institutions offer the study programme you wish to follow and what the admission requirements are.
- Submit your completed and signed application **before or on the due date with all required documents**.
- Wait to receive further information from UNHCR or the project partner regarding your application. If your application meets the formal application and eligibility criteria, you will receive an invitation for an interview. Given the high number of applications received, you will only be contacted if you are shortlisted.
- If after the interview your application is considered, you will be contacted by UNHCR or the project partner. The scholarship comes into effect after the signing of a scholarship agreement and your respective acceptance of the scholarship.

2. Collect and prepare the required documents

- **Letter of motivation explaining your motivation to study, professional aspirations, and plans for the future; how your personal, family, and/or social situation make you suited for and deserving of the scholarship; any specific details concerning your situation such as the lack of documentation and certificates. The letter should be no longer than 500 words and written in the language of instruction of your programme of study.**
- One completed and signed application form
- Two passport photos, with your name on the back stapled to your application form
- Copy of UNHCR refugee certificate
- Copy of your high school transcripts and diploma or certification of completion
